PRESIDENT'S UPDATE

Hello, I hope all are well.

I want to express gratitude to all — When novel virus came to our communities, our members stepped behind the necessary actions swiftly.

This is true even as REALTORS® have faced challenges above the average. We love our jobs, helping people, deal-making — and we rely on our incomes. The rules we're following and the deflation of the busiest spring market since 2013 haven't diminished all of these.

In the past month, I've seen so much *inspiring action from REALTORS®*:

- The continuation of business using new methods and tools
- Giving back by doing supply drives and in other ways
- Thousands of conversations with clients helping them determine how to react

All are a testament to who REALTORS® are and how they behave.

Overall, the encouraging thought I have is that we are part of a fundamental profession. This year, NAR is one hundred eleven years old and CTR is one hundred. REALTORS® have been in existence, working very much like we all do today, through booms and busts, a great depression, wars, terrorist attacks and now this pandemic.

In one month, or three, or whenever, people will once again leave their houses. At that time, they will be readier than ever to move forward, as they always have been, to start new chapters and build new opportunities.

There to help them will be the most resilient, most diligent, and most caring professionals across any industry.

My best wishes and best hopes to all,

Mark

P.S. Your fellow REALTORS® who volunteer to serve on our Association's board will be meeting again (virtually, of course) later this month. The conversation is going to focus on recovery. Action and initiative from all corners will be needed to recover from this disruption. We will talk about how REALTORS® might help, and how the association might help REALTORS®.

We'll think about programs, advocacy, networking, visibility, and resources. ***Your input, fellow leadership, and support will only make that effort a better one.***

And, last, at the association office, a SHOUT OUT is appropriate for Association Executive, Carol and the staff of Danielle and Anissa. They haven't missed a beat, reorganizing to operate remotely so they can continue to serve our needs, including re-planning an entire Continuing Education calendar, being a voice helping shape the Emergency Orders that affect us, and helping members with resources like **NAR's Telehealth and Right Tools Right Now** and **CTRs Communications and Pandemic Assistance Updates** and others. Thank you to them for their commitment and loyalty.

Mark Gilrain

President, Mid-Fairfield County Association of REALTORS®

IMPORTANT NOTE REGARDING CE CERTIFICATES

Clarification regarding CE Certificates from Kelly W. Harvey, Real Estate Examiner
Dept of Consumer Protection

Pursuant to real estate licensing law, all licensees are responsible to retain their completion certificates for a minimum of 4 years and be able to produce them upon request by the DCP. There are times when licensees must upload the actual certificates, such as for late renewals or reinstatements. When they are under the incorrect impression that the State has access to their completion information this causes more work for everyone. We do not have access to the information that the schools report to PSI until we request a report from them at the time of CE audit. We have NO ability to look up course completions.

**PLEASE READ:
IMPORTANT
MESSAGE**

IMPORTANT MESSAGE ABOUT OUR CE CLASSES

In case you were not aware we had to cancel all of our March CE classes and had to convert many of our April and May classes to Live Virtual classes. If you were registered for any of our March - April CE classes we have been emailing you. If you were registered for our classes during that time and don't recall seeing an email from us please check your junk or spam folder as we sent out time sensitive emails that required a response. If you saw the email but have not responded please do so ASAP.

We have a limited number of Virtual CE classes scheduled. We have been focusing on rescheduling our members who were in classes that were cancelled and to communicate with the registrants of our scheduled classes on the steps they had to take in order to participate in our live virtual classes. Please read the information below if you are scheduled for any of our classes or if you are considering registering for a live virtual class.

What is virtual learning?

- A **virtual learning environment (VLE)** or live virtual classroom is a Web-based platform for the purpose of course delivery presenting resources, activities and interactions within a course structure without everyone needing to be in one place. The trainer and the students are together in time but not the same location.
- **You will be asked to email the Board a picture of your driver's license at registration to verify each student's identity attending the virtual class.** Board Staff will be monitor all classes and the DCP Real Estate Examiner will have the availability to monitor classes.

So ... To Receive Credit:

- The instructor will be required to have real time interaction with all students, visually as well as audio not just a list of names.
- Students must be able to interact with one another visually as well as via audio.
- Students individually attending a Live-Virtual class CAN'T participate without a working camera on their tablet or computer/laptop. Cell phones are not an ideal device to participate.
- The camera must be on the whole time. The students face must be visible the entire time.

Registrants Must:

- Silence phones and limit email and other distractions. Courses are not recorded so you will need to pay attention. If the instructor feels you are not paying attention, they will disconnect you from the class and you will not get CE credit or a refund.
- If the instructor provided materials please download them prior to the start of class.
- Dress appropriately as you will be on camera.
