FOREWARN®

On May 18th, we had a Safety Lunch & Learn with special guest Jason Ficarra, Director of Business Development with Forewarn. Forewarn is a CTR member benefit product. There is no additional cost to you however you must follow the steps below to gain access.

This product provides you with the ability to further check into those who are contacting you for showings - to help you confirm that they are who they say they are. You will be able to search by phone number or name and it will provide you with information about their automobiles, the name connected with their phone number, criminal history and foreclosures/bankruptcies. Please note, like any database, there can be errors or it could be incomplete.

Also note this product is exclusively for specific uses - and not to be used for things like generally researching people you know, using for a criminal background check on tenants or for farming listings. Any unauthorized use will result in immediate removal of the product.

Here are the steps to get started:

1. You need to sign in to <http://ctrealtors.com/forewarn> - this time stamps when you logged in so we know it was you; you'll need your CTR username/password - if you don't have those, you'll see that they are very easy to retrieve;
2. There is a mandatory video for you to watch that explains the permitted uses of the product, along with what is not permitted;

3. There is an affidavit form you will need to complete acknowledging your understanding and compliance with the rules of use. You also have the ability to consent to CTR's text-messaging program during the sign-up process;

4. When submitted, the notification is transmitted to our Forewarn vendor. Within 2-3 business days you will get a "Welcome" email from Forewarn with a link to sign up with them. You may not forward this link to others. Again, CTR will suspend any user who violates rules with no recourse for reactivation of the product when violating policies.

If someone has had a Forewarn account in the past, they will not get an email as noted; instead your account will just be reactivated and you should be able to log on using your old credentials.

Your safety is very important to us. We hope this product, along with other safety procedures, assists in keeping you safe in the practice of real estate.

UNDERSTANDING GENDER IDENTITY, IMPLICIT BIAS & PRONOUNS TRAINING LUNCH & LEARN

Wednesday, 6/22 at 11:30 AM

Day to day we try to be mindful about treating our colleagues, clients and everyone with dignity and respect. But sometimes we may not know how to respectfully address people by the way they identify, and we are not alone.

Let's take some time to learn and understand Gender Identity, Implicit Bias & Pronouns because, the more informed we are on the topic, the better it will be for our community and industry.

Please join MFCAR Instructor, Kim-Marie Mullin for an honest discussion about pronouns, gender identity and implicit bias in real estate.
